Professional Summary

Aspiring Software Developer with strong foundation in full-stack web development and modern JavaScript frameworks. Passionate about building scalable web applications and solving real-world problems. Seeking a software development role to contribute technical skills and grow in a collaborative environment.

Technical Skills

- *Languages*: JavaScript, TypeScript, C/C++, HTML, CSS, SQL
- *Frontend Development*: React.js, Next.js, React Three Fiber, Material-UI, Tailwind CSS, Redux
- *Backend Development*: Node.js, Express.js, REST APIs
- *Database*: MongoDB, Firebase, Redis
- **Tools & Technologies**: Git, GitHub, VS Code, PWA Development, Responsive Design

Experience

Software Developer Intern | *Skytrail Technologies(startup)*   *Jan 2025 - Apr 2025*
- Developed responsive frontend applications using Next.js with optimized server/client-side rendering.
- Implemented interactive user engagement features including rating systems and media playback using Video.js.
- Integrated REST APIs for analytics and performance tracking, enhancing data-driven decision making.
- Built customizable, client-specific features dynamically rendered based on user context.

Projects

Portfolio Website *(For Startup)*   🔗 **GitHub** | **Live Demo**
- Developed a modern, responsive portfolio and services website featuring smooth animations and theme toggling.
- **Tech Stack:** Next.js, Tailwind CSS, Framer Motion

Collaborative Document Versioning   🔗 **GitHub** | **Live Demo**
- A shared space to create, version, and collaborate on documents. Whether you're writing alone or working with a team.
- **Tech Stack:** Next.js, TypeScript, Framer-motion, Node.js, Express.js, MongoDB

React Three Fiber 3D Game   🔗 **GitHub** | **Live Demo**
- Built an immersive open-world 3D game demonstrating advanced web development and physics integration.
- **Tech Stack:** React.js, React Three Fiber, Cannon.js, Tailwind CSS

Home Manager PWA   🔗 **GitHub** | **Live Demo**
- Developed a Progressive Web Application for expense tracking with user authentication and real-time data management.
- **Tech Stack:** React.js, Express.js, MongoDB, Redis, Context API, Material-UI

Education

JSS Academy of Technical Education, Noida   2021 – 2025
B.Tech, Computer Science and Engineering   CGPA 7.54

Sita Children Academy Inter College, Mahmudabad, Sitapur   2019 – 2021
Intermediate, *Uttar Pradesh State Board*   82.6 %

Leadership & Responsibilities

Nibble Computer Society, *Event Organizer*   Apr 2020 - Jul 2020
- Successfully organized and managed technical events, attracting close to 800 attendees through strategic planning and promotion.
- Coordinated with multiple teams to ensure seamless event execution and enhanced student engagement.

Relevant Coursework

- Data Structures & Algorithms, Server Side Development, Web Design and Development, Object-Oriented Programming

Interests

Cricket | Online Gaming | Web Technologies | Open Source Contributions
